Offer & Request

EU funded projects

We are successfully participating in EU funded projects (through CARDS, IPA, and CIP programs) since 2003. - on

technical assistance and capacity building of public institutions and public administration, on private-public partnership and cooperation with scientific research institutions to develop innovative solutions and knowledge transfer, on the development and promotion of energy efficiency and use of renewable energy sources etc.

Belit's corporate strategy clearly defines EU-funded projects as a part of our core business and we have internal team dedicated to managing every aspect of EU projects.
