Bilateral Meetings

- May 22, 11:30 - 12:30

Description

ICT CLUSTER OF CENTRAL SERBIA - (http://www.ict-cs.org) is a business association which gathers enterprises, institutions and organizations from ICT sector from the territory of Central Serbia, based in geographical centre of Serbia, in the city of Kragujevac.

Cluster was established on May 21, 2013 with the goal to support and develop the information and communication technologies sector on the territory of Central Serbia.

This goal will be achieved through building capacities and infrastructure of the Cluster to provide support for development of small and medium sized enterprises in ICT field with the aim to enhance their competitiveness, businesses and visibility on domestic and international markets.

In this relatively short period of its existence Cluster has managed to gather 23 members from the ranks of enterprises, institutions and organizations that contribute to development of ICT sector in Central

Serbia, on direct or indirect way.
